RE: 10-CR-268(DLI) US. v Taylor

Dear Honorable:

I respectfully request the court to read this letter to fully understand why I addressed the Court in Pro Se form in my letter/motion dated September 22, 2015. Please note that my letter was drafted on September 8, 2015, and at that time I didn't speak with Ms. Shalley as of yet, although she was assigned to the case. I was never informed about Ms. David's resigning until I was not able to appear in court as scheduled on September 2, 2015. That statement at the end of the letter/motion was to protect Ms. Shalley. I spoke to her at the next scheduled conference.

As your honor will read, I am left with no other option at the present time, because my 6th amendment rights are being taken away.

Post Trial I was assigned appellate counsel to proceed with motions that had to be submitted within a certain amount of time, according to Federal Rules of Criminal Procedure. Counsel Ms.

Joyce David, withdrew her representation for some odd reason, and I was then assigned Ms Margaret Shalley, who by her own admittance is not an appellate attorney. This is a ~~hinderance, due to~~ the facts I have repeatedly presented to the courts. These issues are issues that need to be presented in a properly formatted Rule 33 motion. This includes, but is certainly, and definitely not just limited to ineffective assistance of counsel, which Mr. Paul Rinaldo conceded to in proceedings on Nov 7<sup>th</sup> 2014. (I would like to respectfully request these transcripts from said date on record, as of right now) They are just as important as my co-defendant Timothy Pinkney's plea and sentencing transcripts.

With these facts I am presenting to the Court I say again, I am in desperate need of appellate counsel to move forward properly as the Constitution affords me as a citizen of the United States of America. I thank you for your time and consideration in this matter.

Respectfully Submitted,

Shawn Taylor
